# Insights and Learnings

**What did I learn  
about the topic?**

**What implications  
does this learning  
have for me, my  
patients and my  
current role?**

**What changes do I need  
to make in practice and  
how will I take action?**

**List any outstanding  
questions you may  
have and identify the  
steps you will take to  
seek the answers.**

We regularly provide new presentations and tools designed to support your Continuous Professional Development (CPD) throughout the year. Enjoy our carefully curated selection of presentations, tools and references. We welcome your feedback on the information provided and ideas for new topics.
