Regular Newsletter

Welcome

Summer is here and as your nutrition partners we would like to welcome you to the first edition of our newsletter. Here, we will bring you all the all the latest product and service updates as well as useful resources for you and your staff.

We hope to see you soon, but in the meantime, please feel free to reach out to any of the team if you would like any more information.

Wish best wishes,
The Fresenius Kabi Team

Digital Resources

We are delighted to share with you our new nursing home hub on **Nursing Home Resources - Clinical Nutrition** (<https://clinicalnutrition.ie/enteral-nutrition/nursing-home-resources/>) where you will find an array of useful resources to support you and your staff, particularly in the areas of nutrition and dysphagia. We will be updating this on a regular basis with all our latest resources.

Oral Nutrition Support Advice for New Residents or those returning from Hospital

Training Survey

With training in mind, we want to ensure that we continue to provide you and your teams with relevant and up to date modules so we would be grateful if you could complete a short survey to help us understand your training needs. Please click on the link - it will only take 5 mins and there are only 11 questions - we know you are busy!

NURSING HOME SURVEY

Programme of Bi-Weekly Training Modules

We are now at the end of our successful Spring/Summer Training Programme and judging by the attendance and subsequent feedback, the topics were well received and relevant. We will be arranging an Autumn Programme and will keep in touch accordingly.

New Dysphagia E-Learning Training Module

We know dysphagia is a key training area for nursing homestaff - with this in mind, we have created an online training module for new staff as well as those requiring a refresher.

It covers basic topics around dysphagia - risks, signs and treatment; IDDSI* levels and thickening fluids. It should take no more than 30 mins and your staff will receive a certificate upon successful completion.

*The International Dysphagia Diet Standardisation Initiative
